Importing and exporting

Expanding into international markets can help your business grow but can also expose you to additional risks or put pressure on your working capital. Find out how we can help with both so you can trade with confidence.

Read more about our importing and exporting solutions

International cash management

Our international cash management (ICM) services help you manage your money effectively around the world. We'll help you manage funds, make and receive payments, and access cash quickly and efficiently wherever you do business.

Read more about International cash management

Capital Import Finance

Secure and fund the assets you need from overseas, from initial purchase and over its useful life.

More about Capital Import Finance

Trading in China

If you're importing from, or exporting to, China, your business needs to be able to trade in one of the world's key currencies, the Renminbi (RMB). The growth of RMB internationally has created many opportunities for importers and exporters.
