ABOUT US

WE ARE DASCO

In the early days, we would sit together with our mum in her slippers and dream of a future where our entire family would be employed by our own company.

Today, we are proud to say that we have turned that dream into a reality.

For the past 14 years, we have dedicated ourselves to building a sustainable business, with six family members at the core of all our operations.

STRONG FOUNDATIONS

At Dasco, traditional values that prioritise integrity and loyal relationships are at our core, people come before profit in everything we do.

It is a source of immense pride that over 90% of our operation costs are invested right here in the town where we were born and raised: Wigan.

We believe in giving back to our community, and as a result, our reputation precedes us as we strive to be a class leader in our

industry, known for our commitment to quality, reliability, and exceptional service.

Our roots run deep in Wigan, understanding the importance of supporting local businesses and building long-lasting relationships.

OUR LEGACY, PEOPLE FIRST

By keeping our operations close to home, we contribute to the growth and prosperity of our town.

This not only benefits our community but also ensures that we have a strong network of trusted suppliers and partners who share our values.

As we look towards the future, we are revelling in the next generation of Rothwell's growing up within our family. They are witnessing firsthand the passion and dedication we bring to our work.

While they are not yet ready to take over the reins, we are nurturing their interest and enthusiasm, preparing them to carry on the legacy if that's what they choose to do

OUR MILESTONES

MEET THE TEAM

Join us as we continue to build our legacy, one project at a time,
with a focus on quality, reliability while nurturing the relationships
we forge along the way.
