## Be Confident In Choosing Your Child's Education

We believe every child has the right to a high standard of education which is why we are academically non-selective. We select students based on their behaviour and personal attributes and combine this with a dedicated teaching and pastoral team. We strive to educate your child to the highest academic level, whilst ensuring they stay grounded.

We want you to feel confident in choosing Moorland to educate your child, which is why we operate an 'open door' policy with regard to parental visits. Our dedication to education is reflected in our students' success as demonstrated by our A-Level and BTEC results, achieving 100% A\*- C pass rates.

### A Few Words Of Welcome From Our Head

A warm welcome to our school. Here at Moorland, our ethos is to create an atmosphere that feels like family. Within this personal, warm, and nurturing environment, all our children and young people can achieve their true academic and social potential.

My job is a simple one: I am an extension of your family. My responsibility is to ensure that your children are happy, well-educated, confident, and socially-prepared for the demands of adult life. Both I and my team work in partnership with you, to achieve the very best holistic and educational outcomes for our children.
