Corporate Risk Management

Bespoke risk management solutions and hedging strategies for large corporations, financial institutions and commercial businesses exposed to fiscal market risks.

Speak to a Relationship Manager

To get you to the right person we need to ask you a few questions.

[Start](#)

Managing the cost of borrowing

Our interest rates team help clients to identify, understand and manage fluctuations in borrowing costs. With experience working with a variety of business sectors and the ability to transact a wide range of products, we can provide solutions to help your business manage the cost of borrowing.

Managing the risk of customer non-payment with Debtor Protection

Customers failing to pay the money owed to you is a risk that every business faces, and the consequences of this can be detrimental. That's why we offer Debtor Protection with our Invoice Finance solutions. It's a low-cost, easy to manage facility that will protect up to 90% of the value of your invoices, giving you peace of mind.

Financial risk advisory

Identify, quantify and manage financial risks with support from our accounting & financial risk advisory team. Combining both risk management and accountancy expertise, we help clients to formulate policies and build risk management strategies that factor in good practice accounting treatment.

Corporate cards

We provide our Corporate Card in euro and US Dollar denominations as well as Sterling. If you are paying suppliers in euros or US Dollars, a card payment could help to minimise the costs of transacting in those currencies as well as the risk of currency fluctuations. You need to hold a Lloyds Bank/Bank of Scotland Business Current account in the relevant currency.
